Lake Kandle's Stress-Free Swim Training Program

Weekday Mornings (M-F) July 8th-August 2nd

Trial Swim Meet: Saturday, August 3rd at 9AM

(Must be a swim club member or seasonal camper to participate.)

Join us for a four week swim training program catered to those looking to explore competitive swimming or stay in swimming shape during the summer. Our goal is to provide a summer friendly swimming experience that isn't intimidating or overwhelming to your family's summer plans.

Program Directors: Miranda Coughlan and Nick Stranix

Our training program has been designed by two former Rowan Athlete Swimmers, both with head coaching experience. Both directors are involved with coaching competitive swimming year-round but wanted to make summer swimming more accessible for beginners while making it more laid back for swimmers just looking to stay in shape during the summer.

Read below for the group descriptions and times.

****Group age ranges are flexible based upon experience level.**

Ages 5-17. Teens that turn 18 during the season are not eligible to participate.**

Competitive Swim Training (Ages 12-17)

8:45AM-9:55AM, (5x a week: Monday-Friday)

This group will be a competitive swim preparation program. We will be working on stroke mechanics, starts/turns, and endurance. This is a great chance to prepare for high school swimming (or get in shape for other sports). We will work on technique, starts/turns, and mechanics to help prepare for competitive swim racing. We will be completing aerobic sets to prepare swimmers for hour-long workouts and build endurance.

Intro to Competitive Swimming (Ages 7-12)

10AM-10:50AM, (5x a week: Monday-Friday)

This group will be working on perfecting stroke mechanics with freestyle and backstroke. We will be introducing breaststroke and butterfly for new swimmers. Swimmers will work on starts/turns, and mechanics for each stroke. We will focus mainly on mechanics and build up endurance as stroke technique improves. This is a great group if you have swim lesson experience with basic skills and want to transition into a more competitive swim setting.

Swimming 101: Intermediate Swim Lessons and Stroke Development (Ages 5-8)

10:55AM-11:25AM, (5x a week: Monday-Friday)

This group will be an introduction to swimming for children who have little experience. Children should be comfortable in the water (dipping their head under) and be able to doggy paddle. We will be working on kicking, breathing mechanics, stroke fundamentals, and transitioning into deep end swimming/ completing a full 25. The group will mainly focus on learning the mechanics of freestyle and backstroke with an end of year goal to complete 25 meters individually without the help of an adult.
